

I'd like to publicly thank Mr. Jaros and his team for bringing my case to successful conclusion.

I was injured quite severely in an accident. Had consulted with another attorney who was not very encouraging as to the potential outcome for me. The case was a bit complicated.

I has the good fortune to be put in touch with Mr. Jaros. Their legal skills helped start my lawsuit, they prepared everything for trial and finally settled my case before the trial began. They dealt with the insurance company and doctors on my behalf. They were with me at all times.
